

Our Policy of Care and Payment

We at Dr. Hutchison's office are proud to be part of a team whose primary mission is to deliver the finest and most comprehensive dental care available today. In addition, we are also dedicated to making top-quality care as cost-effective as possible. To assist you with your healthcare investment, we provide the following payment options and services:

Insurance processing—we will continue to process your dental claims as we always have. You will be expected to pay your out-of-pocket portion at the time of treatment. If your dental care includes a lab-related procedure (crown, bridge, denture or partial), your out-of-pocket must be paid at the first appointment for that procedure. The labs that custom-make these products operate on a cash basis, so we must do the same. We process claims with over 300 different insurance companies that offer many various plans. We try to keep up with plans as best we can, yet depend on you to be familiar with your plan.
